NOME: DATA:

Exercício de Comandos básicos – Inglês 1ª série do EM

1. A simple command is the kind of command encountered most often. It's just a sequence of words separated by blank s, terminated by one of the shell's control operators (see Definitions). The first word generally specifies a command to be executed, with the rest of the words being that command's arguments.
A) True
B) False

2. What are commands in English language?

A) Interrogative form
B) Negative form
C) Imperative form

3. The definition of a command is an order or the authority to command. An example of command is a dog owner telling their dog to sit.

A) True
B) False

4. Commands are a type of sentence in which someone is being suggested to feel something.

A) True
B) False

5. Informal, or familiar, speech is used among friends, coworkers, relatives, or when addressing a child. Formal speech is generally used to be polite or to express respect. For that reason, the formal commands are often referred to as polite commands.

A) True
B) False
